---

Hi Rachel,

Thanks very much for checking in on your off day.

Regarding a meeting between NWIFC, EPA, and Swinomish, since the purpose of the meeting would be at least in part to review the results of NWIFC's assessment of the subaward activities in light of the grant T&C and policies, and since the meeting would be a follow-up to last week's meeting between EPA and NWIFC, we should probably start by including the same people who attended last week – from NWIFC that would be Fran, Dietrich, Terry, you, and Lucy; from our end it would be Peter, me, Yvette, and Paula.

From Swinomish, it would probably be good to let them determine who, but I would think at a minimum it would be Larry and their grants administrative person, whoever that might be.

Peter – please chime in if that doesn't sound right.

Thanks for looking into this!

Lisa

Hi Lisa-

I'm out of the office now but I can ask folks on Friday. Who are you thinking from the NWIFC and Swinomish? Oh, and Larry got back to me via email confirming that the photo was stock but in unclear as to if it was charged to the NWIFC. He said they are still gathering information.

Thanks for reaching out about this-

Rachel Norman

Hi Rachel,

Peter asked me to check with Dietrich about whether a meeting with the Swinomish tribe on the subaward has been set up yet. I think that when we all met last week, one of the next steps was to have a 3-way meeting between EPA, NWIFC and Swinomish.

Do you have any insight as to when that will be, or whether folks at the Commission are working on scheduling that?

Many thanks,

Lisa
